journal / 2024-12-14 Drummer in the street

Evening
Went to a mall next to 101 to see a young drummer playing a live concert outside.
Kids were thrilled to see his performance, especially since he played some songs they played before / loved (Butter by BTS and a Swift song).
The teenager was definitely impressive.

After dinner, the Girl was so happy after I bought her a wool hat.
She is so beautiful when she smiles with this kid's innocence on her face.
